

## The USAID FEWS-NET

## **Haiti Weather Hazards and Benefits Assessment**

For **April 24 – April 30, 2008** 

During the April 17 - 23 period things were pretty calm in Hispaniola. In Haiti, light rains characterized the region while in the Dominican Republic moderate rainfall totals were experienced. During the April 24 - 30 period a steady pattern of moderate rains are expected across the island with heavier totals in central Dominican Republic.

FEWS NET is a USAID-funded activity whose purpose is to provide objective information about food security conditions. Its views are not necessarily reflective of those of USAID. The FEWS NET weather hazards assessment process and products include participation by FEWS NET field and home offices, NOAA-CPC, USGS, NASA, and a number of other national and regional organizations in the countries concerned.
